

Welcome to our practice. We are honored to be your choice, and are committed to providing you with the best care we can. At Midwest Allergy and Asthma Clinic our hope is that we form a partnership to keep you as healthy as possible, no matter what your current state of health. In our clinic we specialize in the treatment of allergy, asthma, and immunologic diseases. We know that living with symptoms of allergy and asthma can range from being bothersome to potentially life threatening. Our office cares for both children and adults, with specialty training in pediatric pulmonology and clinical allergy and immunology.

A patients' symptoms can vary with age, season, environment, general health, diet and even stress. Based on all of these factors, as well as any other relevant issues, we will work with you to design a treatment program which results in the most effective therapy for your medical needs. Our goal is to arrive at a treatment plan which allows you to take control of your asthma or allergy issues. At any time during your visit, please feel free to ask question if there is something you that you do not understand.

Midwest Allergy and Asthma Clinic has 2 locations. We see patients in Omaha and Papillion. We are open 6 days a week in our Omaha office and have convenient hours to fit your needs. Please visit us at www.maacallergy.com for more helpful information.

We look forward to working with you. Please contact us whenever you'd like to talk about anything you think may be affecting your health. It's our hope that we can have a relationship where the lines of communication are open and communication goes both ways.

Sincerely,

The Physicians and Staff at Midwest Allergy and Asthma Clinic, P.C.
